## Mini cable splice tool kit

### Description:

The OPTOKON OMK-SR-MCS Mini cable splice tool kit offers all necessary tools and components for field usable, quick repairs of tactical cables in the toughest of environments. Utilizing the proven mechanical splice in both singlemode and multimode applications, there is no need for power, heat or complicated termination procedures. Based on standard mechanical splice technology of the MCS-04, the tool kit provides low loss fiber jointing in just a few minutes.

Cable retention and tie off is achieved through the aramid yarn and IP 67 guaranteed in the same way as military connectors. With small dimensions the Mini Cable Splice provides a permanent join of military tactical cables up to 4 fibers.

Purchased with all the tooling and consumables necessary to carry out the operation, the kit comes complete with splice unit, ready for use in a rugged field usable carry case. Splice unit, spares and consumables are then replaced and replenished at a low cost whenever necessary.

MCS-04

### Features:

- Harsh environmental use
- Proven mechanical splice technology
- 1 to 4 fiber Multimode or Singlemode
- Fully field repairable

### Applications:

- Military Communications
- Internal support structures
- Broadcast

### Benefits

- Small diameter and Length
- Lightweight and compact
- Low Cost, permanent repair
- Standard mechanical splice

### Available MCS types:

MCS-04	4 fibers optical cables
MCS-02	2 fibers optical cables
